

## PUBLIC DISCLOSURE STATEMENT

### STUDENT ACHIEVEMENT GOALS AND OUTCOMES

Parker University evaluates success with respect to student achievement consistent with the institution’s mission. As part of the institution’s commitment to continuously improve student success and further the organization, Parker University set comprehensive institutional goals in ensuring student success. Multiple measures have been identified to evaluate student success. Examples of these student success measures include: graduation rates, job placement rates, and professional licensing examinations. Parker University has established the following benchmarks in guiding student success. Please note to protect our students’ privacy, programs with ten or less enrollments are not identified.
