PARKER UNIVERSITY'S DEGREE IN HEALTH SCIENCES

Health care is one of the fastest growing industries in the United States today. The Health Sciences degree is a dynamic, interdisciplinary program which allows students to prepare for many careers within the health care industry.

The Associates of Health Sciences degree program will also provide pathways for students to advance to bachelor and other degrees within the health science field. Our Health Sciences degree general education courses meet the requirements for further studies for Occupational Therapy Assistant, Radiologic Technology, Diagnostic Sonography, and Diagnostic Cardiac Sonography, and all courses are transferable to Parker University's Bachelor of Science degree programs.

WHY PARKER'S HEALTH SCIENCES PROGRAM?

- A flexible 100% online program
- Instructors and program administrators have deep academic and professional expertise
- Convenient schedules designed to fit students' busy lives and family/career obligations
- Financial aid is available to qualified students
- No hassle transcript review to ease the application process

Parker University's Associate of Science in Health Sciences is the perfect stepping stone to get your foot in the healthcare industry. If your goal is to finish your degree, our online program offers the flexibility to fit into your schedule. If you choose to advance your education by pursuing a bachelor's degree, coursework completed in the Associates of Health Sciences is transferable to several degree programs at Parker University.
