

# LEARN IT. LIVE IT.

## HEALTH INFORMATION TECHNOLOGY

ASSOCIATE OF APPLIED SCIENCE  FULLY ONLINE

Parker University's Associate of Applied Science with a major in Health Information Technology prepares students to support a wide spectrum of healthcare providers with the adoption and use of electronic health records. Health information technologists make it possible for doctors and others to best manage patient care through the use of databases, registries, and other patient history resources.

## **PARKER UNIVERSITY'S DEGREE IN HEALTH INFORMATION TECHNOLOGY**

Service is essential in the health care field. Our students are passionate about providing the highest level of support to health care providers through secure use and sharing of health information. By learning to analyze, code, and protect electronic and traditional health care information vital to quality patient care, our students advance the health care process. With a degree from Parker, students are able to lead in their field and contribute significantly to the health and wellness industries.

### **WHY PARKER'S HEALTH INFORMATION TECHNOLOGY PROGRAM?**

- A flexible 100% online program
- An associate's degree in approximately 2 years
- Convenient and accelerated learning strategies
- Instructors and program administrators have deep academic and professional expertise
- Convenient schedules designed to fit students' busy lives and family/career obligations
- Financial aid is available to qualified students

Parker University equips students with the skills and knowledge necessary to succeed in the healthcare industry. Classes begin monthly, allowing for accelerated and convenient learning strategies. Staff and faculty will be there to support all students from the start of their journey until they reach their goal.
