PARKER UNIVERSITY'S DIAGNOSTIC CARDIOVASCULAR SONOGRAPHY DEGREE

Train for a career that makes a real impact immediately. With heart disease on the rise, skilled cardiovascular sonographers are more essential than ever. At Parker University, you'll prepare to step confidently into this in-demand field through a focused, hands-on education. Our Associate of Applied Science in Diagnostic Cardiovascular Sonography combines classroom learning with real-world clinical experience, teaching you how to capture detailed ultrasound images of the heart and vascular system to assist physicians in diagnosing and treating life-threatening conditions. You'll graduate ready to work in hospitals, clinics, and diagnostic centers—helping deliver answers and improve lives.

WHY PARKER'S DIAGNOSTIC CARDIOVASCULAR SONOGRAPHY PROGRAM?

- Focused curriculum is built to ensure you have the up-to-date knowledge and hands-on skills for immediate job placement
- Master one course at a time with a focused, in-depth structure designed to build strong, lasting knowledge
- Limited enrollment means smaller class sizes and direct access to expert instructors who know your name and your goals
- Educational technology like virtual anatomy tables and Parker's Gross Anatomy Lab mean you have the best in learning available at your fingertips
- Complete 15 credit hours of hands-on training at clinics across the DFW area, using the same tools and technology you'll use on the job
- Access strong student support, including tutoring, mental health support, and career services—which continues post-graduation
- Financial aid and scholarship assistance available for qualified students

*Financial aid programs are subject to change without prior notice due to updates in federal, state, or institutional policies. This may include changes to the types of available aid, award amounts, eligibility criteria, and application procedures.

Professional Licensure

Parker University requires students to take the American Registry for Diagnostic Medical Sonography (ARDMS) Sonography Principles & Instrumentation (SPI) exam in addition to attempting the Cardiac Credentialing International (CCI) exam. Passing the SPI and attempting the CCI is a requirement of graduation. Upon successful completion of the SPI and CCI exam, students will be eligible to sit for the ARDMS exam.

Accreditation

Parker University is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award associate, baccalaureate, masters, and doctorate degrees. Parker University also may offer credentials such as certificates and diplomas at approved degree levels. Questions about the accreditation of Parker University may be directed in writing to the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, GA 30033-4097, by calling (404) 679-4500, or by using information available on SACSCOC's website (www.sacscoc.org).
