PARKER UNIVERSITY'S MEDICAL ASSISTANT CERTIFICATE

Parker University's 12-month Medical Assistant Certificate program combines the convenience of online learning with the power of hands-on clinical training. You'll build essential skills in patient care, EKG, phlebotomy, CPR, and more—earning industry-aligned credentials that prepare you to thrive in hospitals, outpatient clinics, general practice, and beyond. Whether you're just starting out or ready for a new direction, this flexible program offers a fast, affordable entry point into the growing healthcare field.

WHY PARKER'S MEDICAL ASSISTANT CERTIFICATE?

- Hybrid format: Start with six months of online coursework, then transition to twice-weekly in-person labs for the final six months
- Includes training in CPR, EKG, and phlebotomy—building a strong foundation for additional certifications and roles
- Complete your training in just 12 months and enter a field projected to grow 12% through 2034.
- Certificate credits can be applied toward Parker's AAS and bachelor's programs, opening doors to continued education in healthcare
- Access strong student support for online students, including tutoring, mental health support, and career services
- Financial aid and scholarship assistance available for qualified students

**Please be advised: Financial aid programs are subject to change without prior notice due to updates in federal, state, or institutional policies. This may include changes to the types of available aid, award amounts, eligibility criteria, and application procedures.*
